2010 Cessna Citation Mustang

PH-JAY s/n 510-0303

The Citation Mustang sets the standard in the Very Light Jet category; it's the world's first fully certified entry level business jet designed to combine the speed of a large business jet with the freedom to roam of a small aircraft. The Garmin G1000 glass cockpit delivers at-a-glance awareness that is comprehensive and intuitive, ideally suited to both single pilot and multi crew operation.

The Citation Mustang speed and range performance will tackle the skies like a jet whilst still delivering the efficiency of a light aircraft.
