2010  
Cirrus SR20G3  
OO-KDA s/n 2036

An exceptional opportunity has arrived! We are proud to present this 2010 Cirrus SR20 G3 – a highly sought-after aircraft that perfectly blends advanced technology, safety, and performance.

With only 2,393 flight hours (3,246 block hours) and powered by a Continental IO-360 engine with just 450 hours since overhaul in 2022, this aircraft offers outstanding reliability and peace of mind. The Cirrus Airframe Parachute System (CAPS) is due in 2029, providing the hallmark safety feature that has made Cirrus world-renowned.

Step into the cockpit and you'll find the Garmin Perspective avionics suite, featuring the GFC 700 autopilot, and intuitive glass-panel displays — delivering the situational awareness and ease of control that pilots love.

Whether for personal travel, flight training, or upgrading into the Cirrus family, this SR20 G3 offers a premium flying experience at an exceptional value.

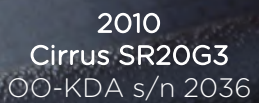

With its no-damage history, modern avionics, and strong engine/airframe combination, this Cirrus SR20 G3 is a standout opportunity for discerning buyers looking for safety, technology, and style in one complete package.

A high-angle, close-up photograph of the front interior of a 2010 Cirrus SR20 G3 aircraft. Two black leather seats are visible, each equipped with a black seatbelt and a silver metal buckle. The seats are positioned on a light-colored, patterned carpet. A semi-transparent green rectangular overlay is positioned on the right side of the image, containing white text. The overall lighting is bright, highlighting the textures of the leather and carpet.

## Interior

Step inside this 2010 Cirrus SR20 G3 and you'll immediately notice the refined interior, designed for both comfort and style. The cabin is fitted with elegant dark leather seats, complemented by a dark carpet that enhances the modern look. The two-tone grey side panels and upper panels create a clean, sophisticated atmosphere, making every flight a pleasure for both pilot and passengers.
